

Food Waste Recipe App

“Incorporating the leftovers into
delicious recipes”

By: Kawthar Alkhateeb

IDEA

A software that allows users to use their food waste/leftover to make creative and delicious recipes.

WHY

01

Reduce Food Waste

Food waste is a significant global issue with environmental, economic, and ethical implications.

02

Save Money

Wasting food =
wasting money

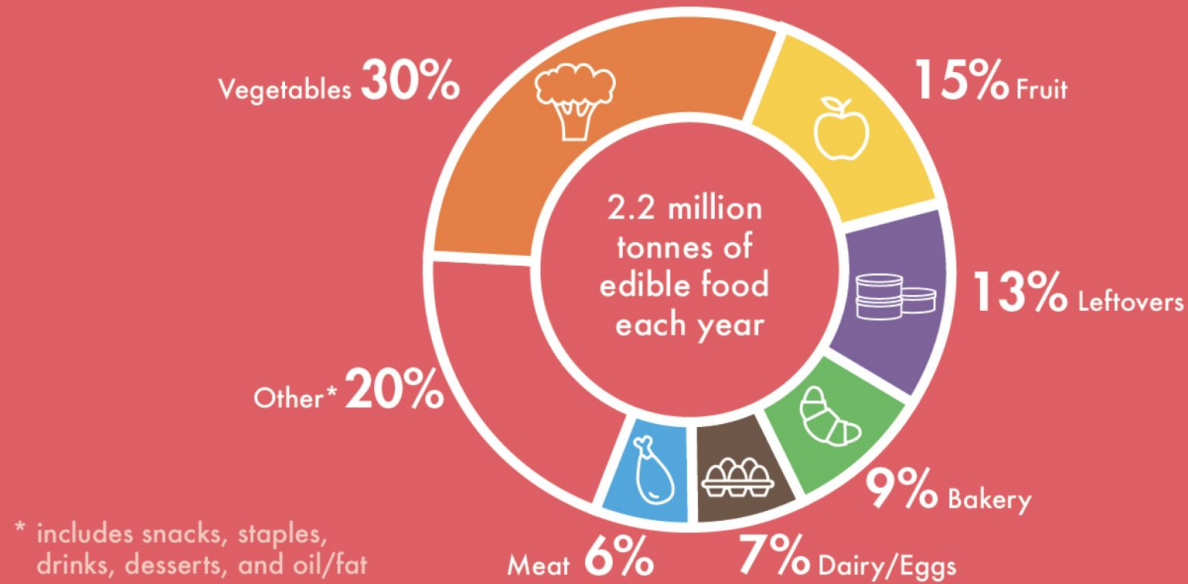

Inflation

03

Positive Environmental Impact

Reducing food waste =
reduction in the environmental
impact associated with food
production, transportation,
and disposal

WHAT IS WASTED IN CANADIAN HOUSEHOLDS?

(Food Waste in the Home, 2022)

HOW

- ❑ Customization and Dietary Preferences
- ❑ Recipes that serve people without producing more waste.
- ❑ Healthy choices
- ❑ Raising awareness about food waste.

WHAT

- ❑ Implement a mobile app (Android/IOS).

Future:

- ❑ Change it to AI based app.
